Great. Would you like to come to our office or would you rather participate by phone so I can let Emily know? Thanks.

Good morning,

We are going to try to schedule it for this Friday, Oct. 5 at 10:00a.m. Would you be able to attend in person or will you need to meet via phone conference? It sounds like DSHS will need to discuss this on the phone per her e-mail.

Thanks,

Brad

Mr. Maxwell:

Either of those days would work for me. I would like the Texas Department of State Health Services involved either in person or by phone since they are the health authority. Please let me know.

Thanks

Yes, we would like to be able to have some health-related information regarding this. Would Oct. 4 or 5 work during the morning hours?

Thank you,

Brad Maxwell

Hi Mr. Maxwell,

We'd be happy to help with some health-related information if you would like. Would you all like to have a call in the next week or so to discuss further?

Thank you,

Thank you for the information. At some point in the near future, would it be possible for us to meet? I would like to include our daycare director as well as our campus principals since they will be asked questions regarding this since all of our campuses are adjacent to this property or within one block. We do appreciate your assistance with this.

Mr. Maxell/Johnson:

I took the liberty of taking a shot at drafting a letter for your school. I have the Texas Department of State Health Services also looking at it to provide some specific health related information. Her contact information is listed on the letter. Please modify this as is appropriate for you parents/teachers. Let us know what additional assistance you may need to help facilitate this.

Thanks

Emily:

I put together a simple letter to the parents for the LISD. Can you look at it and provide some health related information? And give comments. We can then pass this on to the LISD and see how they want to approach this. The contact for the other EPA OSC that is working with me is:

Paige Delgado
